Proposed Solution Template

Date	OCT 18,2022
Team ID	PNT2022TMID49044
Project Name	Corporate Employee Attrition Analytics
Maximum Mark	2 Marks

Proposed Solution Template:

Project team shall fill the following information in proposed solution template.

S.NO	PARAMETER	DESCRIPTION
1	Problem statement (problem to be solved)	Foster a pleasant work environment. The work environment is the space where employee fulfill their job responsibilities.
2	Idea/Solution Description	Hire the right people. Our research found a strong connection between employee engagement and employee turnover.
3	Novelty/ Uniqueness	The best employee engagement ideas and activities on the web all. Quick turnover drains companies, both financial and creativity.
4	Social /Customer Satisfaction	Employee satisfaction raise employee productivity, and higher productivity means greater service and value to your customers.
5	Business Model (Revenue Model)	Productivity will be lower until the new hires learn the business. If it is a customer-based business, customer could be dissatisfied if the new hire is not proficient
6	Scalability of the solution	Set realistic expectation, Offer support and show appreciation.
